Layers to plan

Ambient: _____ Task: _____ Accent: _____
Decorative: _____ Daylight / shade needs: _____

Scenes you want

Scene name: _____ What should it do? _____

Scene name: _____ What should it do? _____

Walkthrough checks

Check from your usual seat, the working position at the counter or mirror, and the route through the room.

Ask for a fixture / driver / dimmer sample test at bright, medium and low settings. Record flicker, noise and startup behavior.

Notes for your lighting team
